

# Addison Behavioral Care presents Charities Lending Charities a Hand

As a charitable organization, we understand the importance of contributions and donations. Donations come in many forms including time. Through its "Charities Lending Charities a Hand" campaign, Addison Behavioral Care's Board Members, Employees and participants will donate a day of service!

One lucky organization will receive assistance for an event, office assistance or anyway Addison can support your mission.

All you have to do is sign up with Addison beginning January 18, 2010. Entries will be taken until January 31st and the winner will be announced at our African American History Team Competition in February.

Details to follow at [www.abcpg.org](http://www.abcpg.org)
